Welcome to Carron

At Carron Bathrooms, we are about more than just baths.

We understand that our customers need a service and support that this is as reliable as our baths. If everyone, from the distributor right through to the end customer, know that Carron Bathrooms stand for reliability then they know they have a product they can trust.

It's this mix of quality, range and service that makes Carron the perfect choice for both the industry and the customer.

The strength of Carronite

Carronite™ was created by Carron Bathrooms to provide a higher level of comfort, luxury and peace of mind for our customers.

All Carron Bathrooms baths are hand finished to our exacting standards but only Carronite™ baths, with our unique, patented, triple-layer reinforcement system come with a 30 year guarantee – proof of the confidence we have in Carronite™. Carronite™ baths are stronger and heavier than standard acrylic baths.

The additional finishing layers crafted during the Carronite™ process create a uniquely reinforced product. The added weight requires a bespoke fitting system that only adds to the stability and rigid feel of our Carronite™ baths. These elements combined help deliver the Carronite™ experience.

carronite™

THE FRAME

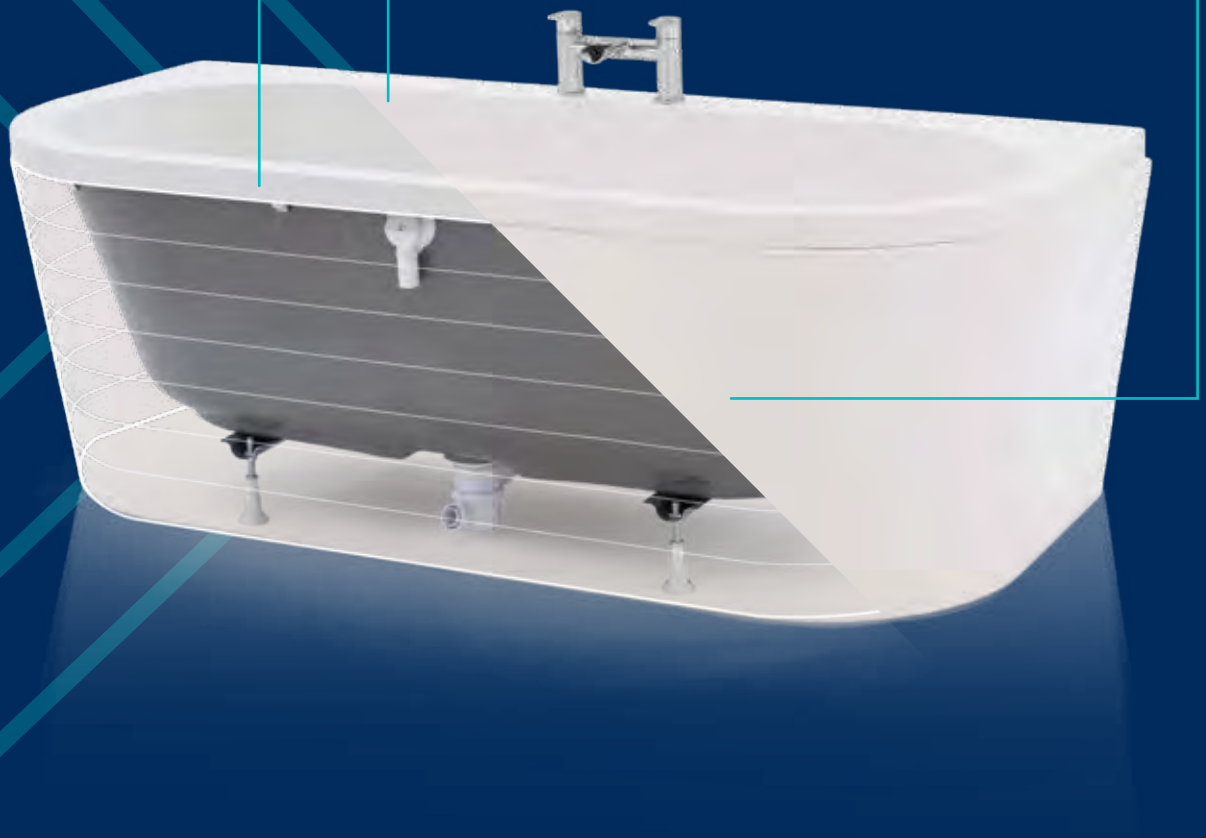
Created specifically for the Carronite™ Baseboard, this unique frame, and foot set uses the added weight and thickness of our baths to deliver additional stability and security.

THE FINISH

Specially formulated, our unique Carronite finish results in increased rigidity while the density of the material allows greater heat retaining properties.

THE BASEBOARD

Custom baseboards, cut to size for each Carronite model, are applied by hand before the Carronite finish is applied.



STRONGER

It's our patented process that creates the added strength found in all Carronite™ baths. A stronger bath is a more rigid bath, resulting in a more solid experience when bathing or showering.

WARMER FOR LONGER

Due to the extra finishing layers, Carronite™ baths are able to keep water temperature levels hotter for longer. Up to thirty minutes longer in some tests.

PEACE OF MIND

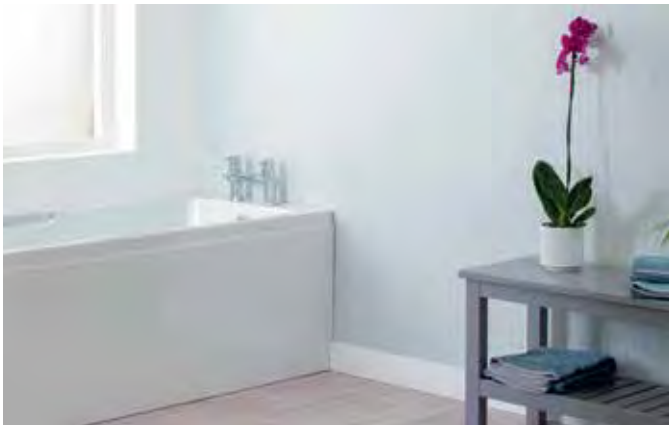
We are so confident in the quality and finish of our Carronite™ baths that we give every bath a 30-year guarantee. That's because Carronite™ baths are designed to last a lifetime.

Quantum Integra

Form and function meet with the Quantum Integra. Where bespoke, integrated, hand grips bring added practicality to this Carron favourite.

Our Quantum range continues to go from strength to strength, providing style, flexibility and reliability in equal measures. Of all the range styles, the Quantum Integra is a firm favourite due to it's practical yet stylish design features.

For 2020, the range has been extended to feature a 1750x750mm size. This model fills the gap between 1700 and 1800mm lengths, so there's a Quantum Integra ideal for any bathroom.



Showerbaths

Designed for showering whilst retaining the option of a luxury bath, our showerbaths all come with matching shower screens and panels.

When space is at a premium, our extensive range of Showerbaths can provide the perfect solution. From the modern, minimalist design of our Quantum range, to the smooth curves of our unusual Profile showerbath, we have an option for every space, and every taste. With both the practicality of a generous showering area and the opportunity for a relaxing bath, these models truly combine the best of both worlds. Complement your showerbath with our comprehensive range of panels, L-panels and screens, and that awkward installation quickly turns into a dream bathroom.

Bathrooms need to be practical and reliable but that doesn't mean they need to be boring. With our unique, ColourMatch service you can choose a colour, any colour, so Carron can match your bath panel to your bathroom design to help add that personal touch.

ColourMatch service available on certain models only. For further details please visit **www.carronbathrooms.com/colourmatch**

ColourMatch

There's a Carron bath for every style of bathroom. With ColourMatch, there's a colour for every style of customer.

Service

We don't just deliver baths, we deliver an end-to-end service.

Time is money so the less of it wasted the better. In-depth stock holding combined with our online 'Bath Finder' feature, distribution network and expert customer service means our baths can be ready for dispatch within 24 hours of ordering.

Made in Britain

Manufacturing isn't just our business, it's been our passion for generations.

At Carron, we believe that full control of our manufacturing processes is essential in delivering first class products. This has always been achieved at our home in Falkirk, Stirlingshire and we feel this ethos is reflected in the Made in Britain campaign. Our brand stands alongside the campaign's, ensuring our products are hand-made, here in Britain.

Shower Baths:

The best of both worlds.

When it comes to bathing, Showerbaths can answer and solve bathroom fit-out problems. Not every bathroom can accommodate a separate shower cubicle and for busy families, especially those with small children, getting rid of the bath is not an option. This is where a Showerbath comes in. With a footprint similar to that of a standard rectangular bath and a large, dedicated showering area you can have the best of both worlds.
