# Carron Bathrooms 2021 Trade Range

Welcome to the Carron Bathrooms 2021 Trade Range. Working with feedback from the trade, we've given the catalogue a redesign, giving you even better access to the pricing and technical specifications of the entire Carron Bathrooms range.

Carron have a reputation for quality products and reliable after sales support. With all our baths being available in our patented, Carronite™ material – with a 30 year manufacturer warranty – installing a Carron Bath comes with added peace of mind.

O

PRICES SHOWN ARE EXCLUSIVE OF VAT. PRICES VALID UNTIL DECEMBER 2021.

The product pages in this Trade Range come with a series of icons showing the optional extras available for each model.

#### **CARRONITE™**

Carronite™ is Carron's unique patented manufacturing process. Carronite baths are more stable and hold water temperature for longer than a standard acrylic bath. Every Carronite bath comes with a 30 year manufacturer warranty, giving extra peace of mind when installing for a customer.

#### **PANELS**

Baths with a panel icon have a corresponding panel designed specifically to fit the product in question.

#### **HAND GRIPS**

Many Carron baths come with hand grips as an optional extra. All Carron hand grips allow for the use of a showerscreen.

#### WHIRLPOOL

The ultimate in bathing luxury, C-Lenda Whirlpool systems are available as an optional extra for Carron baths. You will also find a guide to the Whirlpool range available on page five.

#### **EASE OF ACCESS**

If you require a bath with a lower height, look out for our Ease of Access icon, to assist users with limited mobility.

#### WATER SAVER

Providing a solution for those looking to reduce their water usage, the Water Saver icon shows baths with reduced water capacity.

#### Carronite™.

#### Designed to last a lifetime.

Carronite™ is Carron's unique, patented manufacturing process. We are so confident in the strength and quality of Carronite™ that we offer a 30 year manufacturer's warranty.

#### How does Carronite™ work?

A Carronite<sup>™</sup> bath's strength comes from a triple layer reinforcement system. The additional weight of this system requires the bath to be fitted with a heavy duty support/levelling system. The combination of the material itself and the support system ensure the rigidity and stability of the bath.

Stronger

Warmer for Longer

30 Year Guarantee

# CARRONITE & C-LENDA WHIRLPOOL THE PERFECT MATCH

# Save up to £536\*

Purchase any Carron bath with a C-Lenda whirlpool system and get a **FREE CARRONITE UPGRADE**. Call us today on 01324 638407 or email info@carronbathrooms.com

\*This offer, based on a Linea 1900 x900, would be worth a potential saving of £536.00 (ex-VAT) at retail prices, allowing your customer to benefit from all of the additional strength of a Carronite bath with its 30 year Warranty.

#### C-Lenda Whirlpool Systems

The C-Lenda Whirlpool system is the most technologically advanced system available on today's market. This unique jet system has been designed by Markon in New Zealand and ensures the most comfortable bathing experience. Almost all baths in the Carron range are compatible with this whirlpool system and are made to order by our skilled technicians at our factory in Falkirk.

In previous whirlpool baths, the fittings protruded from the bath wall into the bathing area and were prone to build up of soap which was difficult to clean. In the unique C-Lenda design, all fittings are flush with the bath wall, creating a smooth, continuous surface.

QUANTUM INTEGRA

# Flexible style, flexible sizes

Our Quantum range continues to go from strength to strength, providing style, flexibility and reliability in equal measure.

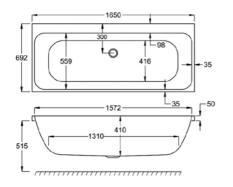

A great example of this is the Quantum Integra, a favourite for customers and fitters alike. In 2020, we extended the range to feature a 1750x750mm size. This model fills the gap between 1700mm and 1800mm lengths, so there's a Quantum Integra ideal for any bathroom.

PROFILE DUO

# Raise your Profile

Sleek design details make the Profile Duo an understated yet flexible option for many bathroom styles.

A generous back ledge allows for bath mounted taps without

detracting from the minimalist style and clean edges of the Profile range.

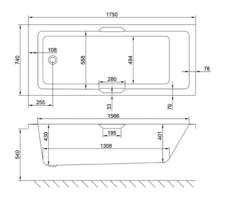

Available in seven sizes, including the recently introduced 1600 x 800 and the 1750 x 750mm, there is a Profile Duo for a wide range of bathroom layouts and sizes.

## ColourMatch

#### The future is colour

Carron's ColourMatch concept is our solution to the ever changing design environment. So your clients will no longer be restricted to white bath panels for their freestanding baths.

Every bath is sprayed to the client's specification based on a colour swatch or reference. Providing a unique design statement while still meeting Carron's rigorous, manufacturing standards.

ColourMatch

ColourMatch Infinity Base

#### ColourMatch

With ColourMatch, your client can choose the colour of their freestanding bath base by simply matching a paint swatch or reference.

Bath Model	Size	Page	Carronite	Code
Paradigm	1550x850mm	140	£2,036	02132 CM

CLIPPER

## Sail away in Scandinavian style

Generously proportioned with an understated, Scandinavian style, our new Clipper model is the first addition to our corner bath range in over ten years.

Even with its large bathing capacity, it still retains the flexibility shown in our entire range of corner baths. Where space is at a premium yet you still want to make a statement, the Clipper is the ideal choice.

Celsius Range

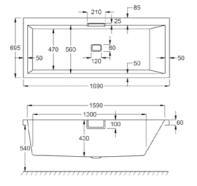

As Carron's signature range, our Celsius baths never compromise on comfort and luxury while remaining stylish and bold. Available in Standard, Showerbath, Duo and Freestanding options.

# Panels, Screens & Accessories

When buying a Carron bath, it is just as important to ensure that your accessories are up to the job. Designed and manufactured specifically to fit perfectly with the Carron range all our panels, screens, grips and headrests guarantee a perfect fit and an easy install.

#### **Screens**

All Carron showerbaths have a custom designed screen available. The Quantum Showerbath has a unique screen while the more traditional P-shaped showerbaths in the Carron range have the option of a curved screen or a fully enclosed wrap round screen. Giving more definition to the shower area.

Standard flat screens come in two size and shape options, produced to match Carron's high standard of manufacturing.

#### **Shower screen options**

Carron standard flat screens come in two heights with either a square or curved profile.

CFS-1 Screen (H=1400mm) **£177** 02344

CFS-2 Screen (H=1500mm) **£199** 02346

#### **Panels**

We offer a range of panels to complete the look of your chosen bath. One piece L-Shaped panels provide the ideal solution, ensuring a flawless finish and removing any unsightly joins between front and end panels. Where an L-Shaped Panel is not suitable, standard front and end panels are also available.

All front and end panels can be purchased in standard or Carronite finishes.
